Mayor's Letter

Here we are again, another year passed and a new one moving fast. Hard to believe it is already March, but I am definitely looking forward to warmer weather. Many of you have asked about the old iron bridge on Old Federal. The last information we received was that engineers have looked at it and are trying to determine our direction. We are pushing to try and save it because it is one of the only bridges like that left. We have a new business joining our business family. It is an pawn/outfitter/sporting goods store. It is scheduled to open Saturday, March the 14th. It is called Drifters and we are looking forward to this opening. It adds something to the area that can and will cater to the tourists in the area that are camping, fishing, and even boating. There are many outdoor tourists that patronize our area and even pass through when traveling to Ocoee for kayaking and rafting. Drifters will offer an array of items for the outdoor enthusiast. So please visit Drifters Trading and help us welcome our newest addition to the business family.

We will be beginning our new look in the Eton area by adding landscaping and new signage in some areas. We are very excited about these changes. We are continuing to approach new businesses to grow our little town. We will keep you posted as new opportunities arise.

Please be sure to change your smoke alarm batteries. It is always a good time to use daylight savings time as the date to remember this task. I hope each of you enjoy and have a blessed safe March and until next month, if you need anything or have questions, please feel free to contact us. Thanks again for allowing me to be part of such a beautiful and fun city.

Sincerely,

Billy Cantrell
